Nevada City Nugget

VOLUME II, NUMBER 51 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA, THE COUNTY SEAT PAPER NOVEMBER 5, 1928

JERROLD L. SEAWELL

EDITORIAL

Tomorrow sees an important event in the nation. No less so is it true of the ninth assembly district comprising Nevada and Placer counties.

The placer mining industry of California has been languishing for many years due to restrictive legislation and the active antagonism of a group of farmers in Yuba and Sutter counties, who have been intent on keeping mining by placer methods on the shelf. A great deal depends on whom the voters send to Sacramento to represent them in the legislature. The mining interests of this county have not been satisfied with their representation in the assembly for the past few years. Particularly so was this true when the Cloudman mining bill was on the floor of the assembly and also in committee. In the first place the bill properly should have been introduced and sponsored by the representative from this district. It would have been had we had some one there who was anxious and willing to fight the miner's battles.

The miners were afraid to trust their fight to the assemblyman from this district, and rightly so.

If gold mining is to get on its feet again in emphatic fashion, it will need all the able support it can get in legislative halls. If the present incumbent could point to a single accomplishment in the past six years in behalf of the common miner, the prospector and the industry in general, this paper would gladly support a return to the assembly. Not a single friend of the incumbent has been able to cite one solitary example to this paper. We do not need social luminaries to represent us, we do need workers in our behalf, farming as well as mining. The incumbent has been the least popular legislator from this district for many years and only the ability to corral the women's votes heretofore has enabled her to slip into office by skimpy majorities. Only a quip in the election law permitted her name to go on the ballot at this election as the combined vote of the major parties at the primaries was in favor of her opponent.

If you are favor of the gold mining industry and its consequent prosperity for Nevada county, you are going to mark your ballot for Jerrold L. Seawell tomorrow. If you voted for Ed Gaylord in the primaries you should stay in the fight and see Seawell through. Seawell will make good for the miners. Give him your undivided support and help to put him over

AAW

LARGE TURPENTINE INDUSTRY IS ASSURED TO NEVADA CITY COMING YEAR ERNST FORMS CORPORATION TO INST ALL PLANT OPERATE HOLDINGS HERE

California Timber Products, Inc. Organized To Inaugurate New Industry Which Will Bring Thousands of Dollars To Timber Owners And Employ Large Crews Men

Preliminary work for the exploiting of the turpentine industry for Nevada City and Nevada County has been completed and the new company known as the California Timber Products, Inc., a California corporation, is now ready to function. The machinery for the first unit of the new refinery has been ordered and will start arriving in January according to the present schedule.

ERNST IS PRESIDENT OF NEW COMPANY

F. C. Ernst who has handled all the preliminary details and signed up the necessary acreage to put the proposition on a safe basis to commence operations, is president and general manager of the new company and will direct its operations, with Nevada City as his headquarters, and the field of operations will extend as far as thirty miles from here. Offices will be maintained in San Francisco.

WORKING CREW TO BE TRAINED FOR OPERATIONS

It is proposed to get the work under way slowly. The large task is to train a small working crew at the outset to provide foremen in order to be able to establish camps early next summer for the gum tapping. Camps will be established in the most important centers on the San Juan Ridge and as far as Camptonville.

SITE IS BEING ACQUIRED FOR THE REFINERY

A site for the refinery is being acquired which is on the railroad tracks and with good highway connections for the gum collecting trucks.

The machinery for the first unit of the new plant has all been ordered and is expected to start arriving in January. It wil lrequire some months to get installed and in working order.

Mr. Ernst was up for the weekend to cast his vote and he is returning to the city tomorrow to complete a number of minor details.

MINING LOCATIONS ARE PLACED COUNTY RECORD

The following are the mining locations placed on record with County Recorder Sam J. Clark last week:

Blue Ledge amended quartz location in Washington Mining District by J. G. Nelson and Frank Nelson.

Morning Glory placer location by Archie H. Miller and Bart Sweeney in the Relief Hill Mining District.

Mayrose quartz in Rough and Ready Mining District by Mrs. O. M. Bagley.

Last Chance quartz claim in Badger Hill Mining District by C. L. Salmon.

Golden Reef No. 1 Group Association placer claim by F. S. Smith, S. Stanley Nichole, R. V. Campbell, Andrew Teason, Geo. B. Davis, Geo. N. Foley, Howard H. Cudworth and H. L. Barney, in Alleghany Mining District in Nevada and Sierra counties.

HONEYCOMB TUNNEL HITS CONTACT VEIN PAST WEEK

CAMPTONVILLE, Nov. 2. The Pendola Brothers have had Joseph Halkyard running the Honeycomb Mine tunnel ahead for the past few months, and he recently struck the contact, and the present outlook of the property is very encouraging. It is hoped that a very good ledge will be found.

The Honeycomb is two miles northwest from town, and has had considerable work done there. It is situated in a section which looks favorable to a good quartz property.

PENNEY CHAIN STORES ENTER GRASS VALLEY

A Nugget reporter interviewed C. E. Clinch, President of the Clinch Mercantile Company, who gave him the following statement:

We have for sometime been negotiating with the J. C. Penney Company, nationally known Chain Store Operators, with the view of their leasing our property over a long period of years. A plan, mutually satisfactory to both companies has been agreed on, and during the term of the lease the Penney Company has the option at any time of purchasing the property.

They will take possession on March first 1929 at which time we will move our location to another part of the city.

The J. C. Penney Company is now operating about 1500 stores and rank as one of the largest Chains in the United States in volum of sales. They handle a line of dry goods, shoes, clothing and notions and are extending their stores to reach the public in all cities of any size where business warrants.

We do not believe that their entry into the business life of Nevada county will injure other merchants in the same lines. but on the contrary it should help their business, as it will keep people at home to do their buying, and will in a great measure do away with mail order buying which is so ruinous to merchants in small towns.

The Penney Company was largely influenced in entering this field by the increased activities of the Nevada Irrigation District which will ultimately increase the population of the county and they also have faith in the continued prosperity of the mining industry.

We will discontinue handling clothing, shoes, crockery and dinner ware of all kinds and will confine our business to groceries, household goods, feed and grain and in the new location we have planned, our customers will have the advantage of unlimited parking space in the center of the city.

At this time we want to take the opportunity to thank the people of Grass Valley and Nevada and Sierra counties for the loyal and friendly patronage we have enjoyed for over 45 years, and will welcome them at our new location where they will receive the same service and treatment we have always tried to give.

ELECTION NEWS BY THE NUGGET TOMORROW NITE

Tomorrow comes the big presidential election at which time a chief executive for the greatest nation on earth will be chosen. The Nugget has made elaborate preparations to handle the returns on a large scale and will maintain open house tomorrow night until the election has been decided if it takes all night. Come in and read the bulletins any time and make yourself at home.

Complete leased telegraph wire service will be maintained and bulletins from over the United States will start coming in early. Congressman Harry L. Englebright will take charge of the compiling of the returns as they come in. He is a close student of political conditions through his Washington connections and The Nugget is fortunate to enlist him on its staff for that evening. The compiling of the county returns will be handled by A. P. Ridge of the firm of W. R. Jefford & Son, who has had a great deal of experience with this work. Telephone connections with every precinct in the county will be maintained by The Nugget and this office will have the vote in each as soon as the counting is completed. Through an Atwater Kent radio installed in the office by the Nevada City Garage broadcasts by leading stations will be coming in during the evening, making a triple hookup for obtaining returns, the most complete ever maintained by a Nevada City newspaper. This will entail considerable expense but The Nugget feels that nothing is too good for the citizens of this community, who have proved so loyal to their home town newspaper.

If you cannot come down to the office you can call on the phone at any time, No. 36 and the latest news will be given you.

MERRIAM BIG INVESTOR IN CALIFORNIA MINES

Mr. J. E. Merriam of Mount Kisco, New York, and owner of the Grizzly Ridge mine six miles from North Columbia, was a recent visitor in Nevada City after having spent several days inspecting his property. He expressed himself as being favorably impressed with the work accomplished there so far. Plans have been completed by P. M. Toleman, who is in charge of the property for a large amount of ground sluicing to be done this winter with further prospecting with the churn drill on the property next spring if necessary.

Mr. Merriam is also the largest owner in the Buzzard Hill and Independence mines near Happy Camp Siskiyou county. The Independence mine holds the record of the largest amount of gold produced per foot of development work done in California. The formation of the country rock and also the highgrade ore itself being very similar to the large mines in the Alleghany district near here. While here Mr. Merriam visited several of the mines in the Nevada and Sierra county district. It is his impression that it won't be long before people in the East with money to invest will become thoroughly awakened to the mining possibilities of this section of California.

G. J. Rector has been placed on the committee to handle the '49 Trail preliminaries which is being sponsored by the Regional Citizens Council. It is proposed to hook up a series of highways eastward from Oroville and south to Placer county to open up spots of historic interest.

The cafe in the Powell Block formerly run by John Del Raoulls was reopened Saturday by Lee Get, who will serve Chinese dishes, featuring shop suey, chow mein and other celestial delicacies.

WATCH FOR PATSY Advt.

IRRIGATION DISTRICT TO FINANCE PROGRAM

The financing of the irrigation district indebtedness appears to be nearing a solution as far as the pressing debts are concerned. The four principal creditors, including three contractors and the chief engineer have expressed their willingness to take bonds of the new issue at 90 cents on the dollar, which will clear up the most pressing matters and ease up the situation. It is also announced that the water delivered to Lake Spaulding will meet the contract requirements for the period ending Dec. 1st and the payment from the power company will be sufficient to meet the interest payment due on January 1st.

Several executive conferences were held during the meeting Wednesday of the directors. A proposal to create new revenue for the district on a percentage basis is understood to have been turned down, the directors preferring to handle matters themselves.

It is stated that the new financing with the power company is progressing satisfactorily and that the bond certification commission is willing to authorize the new bond issue on the basis of the prospective revenue when the new contract is signed up.

BANK SUPPLIES TALLY SHEETS FOR ELECTION

If you are going to keep a tally of the election returns Tuesday night, drop around to the nearest office of the United Security Bank and Trust Company and get some tally sheets. The bank has caused a large number of these sheets to be printed for free distribution.

The tally sheets show the popular vote by states in 1924, which way the states went, and the electoral vote, and provide space for tallying indications and final returns for the 1928 election.

By keeping in touch with The Nugget office during the night you can keep a tally of how the various states are going.

NEVADA CITY WINS FIRST OF BASKET BALL GAMES

The basketball team of the Sacramento Christian Church met defeat at the hands of the Nevada High varsity Saturday night, at Red Men hall.

The first team started for Nevada City. During the first half a heavy score of 15 to 4 was run up against the Sacramento boys. At the beginning of the second half three subs, Huson, White and Hogan replaced Brisebil, McCormack and Pierce. The score had mounted two points for each side when the subs were removed, giving place to the first string men.

Brisebil, Evans and Uierce during the last few minutes of play brought the score to 27 to 12, where it remained until the end of the game. Skeahan and McCormack played fine basketball as guards. Hogan, Huson and White played a good defensive game whiles they were in. Albert Chapman, a former pupil of the Nevada City high school, played right forward for Sacramento and scored most o ft ehpoints. Joe Blake refereed the game in his usual able manner.

Lumbering operations at Hobart Mills are being curtailed for the winter season.

CITY OF SIX MINE HITS FINE HIGH GRADE STRIKE

The north end of a pay shoot was struck in the lower tunnel of the City of Six last Saturday. The gold was found in the face of the tunnel nearly 1900 feet from the mouth, and the vein is the full width of the tunnel (about six feet) with no signs of the hanging wall. The vein lies on a mariposite foot wall with a dip to the east. The present strike is the north end of a shoot that was found in the upper tunnel more than two years ago, and for which the present tunnel has been extended. While the quartz is liberally plastered with gold and arsenical sulphurets Mr. Hodgkinson says it is not real "high grade" but is milling ore of an extra good grade. The strike means much to this district as it proves beyond a doubt that the rich veins in the Alleghany country continue north through Forest and Downieville, and that it is only a question of capital and stick-to-it-iveness to develop the mines. A. E. Hodgkinson is the principal owner in the City of Six, with Messrs. Hunter, Miller and Demente as associates.— (Messenger).

AFFLECK OPERATIONS AT WAITE PROPERTY START

Operations on the Ben Waite property on Deer creek below the Champion mine will be under way tomorrow, according to A. R. Affleck who with Joe Avena have taken a lease on 20 acres of creek bed to remove the auriferous gravel with a drag line excavator. A pit has been dug at the lower end of the property and a pump installed to keep it dry.

Garth Flint, grandson, of Mrs. M. Grimes of this city, will be caledictorian of the graduating class of the Oakland high school. He is well known here.

WATCH FOR PATSY Advt.

PERSONAL MENTION

Mrs. T. P. Fleming was in town Wednesday on her way from Sacramento, where she has been for some months with her daughter. She has returned to Alleghany to make her home.

Mr. and Mrs. Thomas Williams have had as a guest, Mrs. T. Clifford Williams of Oakland.

Mrs. Mary Darling, a resident of Downieville until some 35 years ago passed away last week. She was interested with her husband in the stage line between Downieville and Sierraville.

The Methodist Missionary Society met Thursday afternoon at the Hathaway home on Nevada street with a good attendance. An interesting program was given.

Mrs. J. B. Young and son, Dean, lately from visiting Mrs. J. B. Cook of Oakland.

RECOMMENDATIONS ON AMENDMENTS IS GIVEN

There are twenty one constitutional amendments to be voted on at the election tomorrow and it is probable that a great many who go to the polls will not be familiar with a great many of them. The Nugget offers the following recommendations as its best conclusions regarding the merits of the various proposals:

No. 1. The reapportionment act which was voted so heavily by the people of this state and since held up by designing Los Angeles politicians who want to maintain control of the state legislature. VOTE YES.

No. 2. Approving the issuance of bonds for the holding of the Olympic Games in this state in 1932. Nevada county would doubtless have some of the winter sports for Truckee. VOTE YES.

No. 3. Taxation. Relates to taxation of banks. VOTE YES.

No. 4. Approving the California State Park Bonds Act. This is one of the really meritorious measures on the ballot. VOTE YES.

No. 5. Boxing and wrestling contests. No recommendation.

No. 6. Proposing to place state educational matters in the hands of a state board of ten appointed by the governor who will appoint the state superintendent of instruction instead of being elected by the people. Dangerous legislation and centralizing too much authority. VOTE NO.

No. 7. Changes law which permitted Herminghaus decision as to riparian stream flow. Makes it permissable to divert water from riparian owners if not being put to beneficial use. No Recommendation.

No. 8. If you want to support the work of the legislature on taxing certain commercial vehicles. No Recommendation.

No. 9. Acquisition of rights of way by state. Will benefit the construction of the Ukiah Tahoe highway. VOTE YES.

No. 10. Acquisition of land for public improvements. VOTE YES.

No. 11. Involves a number of legal questions regarding the courts. The judicial council drew it up. District Attorney Wright and Superior Judge Tuttle say it is good legislation, but there is opposition in some quarters in that it would impair administration of justice. It is too deep for us to pass on. No Recommendation.

No. 12. Authorizing State Aid to Needy Physically Handicapped Persons. Proposes to grant aid to those outside the public institutions. This is now being handled by the various counties which looks to be a better system. VOTE NO.

No. 13. Authorizes state and political subdivisions to hold stock in Mutual Water corporations. Extends the privileges now held by irrigation districts to municipalities. VOTE YES.

No. 14. Authorizing quasi-public corporations to extend term of existence. VOTE YES.

No. 15. Jurors' fees. Permits the legislature to set fees of trial jurors, which is at present limited by the constitution to $3.000 per day. VOTE YES.

No. 16. Stockholders liability. This is good legislation. VOTE YES.

No. 17. Grade separation bonds. This properly should be taken care of by the gasoline tax instead of plastering on more bonds. VOTE NO.

No. 18. Extends privileges of absent voter and tangles up the vote count. VOTE NO.

No. 19. Authorizing state aid to needy blind. Same argument as No. 12. VOTE NO.

No. 2. Waiving jury trial in criminal cases. This is good legislation. VOTE YES.

No. 21. Prohibiting rodeos. Emphatically VOTE NO.

Mr. T. H. Barriman of Grass Valley was in Nevada City Saturday afternoon and called at The Nugget office.

Mr. and Mrs. J. C. Lew of Moores Flat were in Grass Valley Tuesday.

POLITICAL CARDS

For Supervisor, 1st District—
FRANK DAVIES

Respectfully announces himself as a candidate for the office of Supervisor of the 1st District, Nevada County, subject to the will of the voters at the General Election, November 6, 1928.

For Supervisor, 1st District—
RICHARD A. EDDY
(Incumbent)

Hereby announces himself as a candidate for the office of Supervisor of the 1st District, subject to the decision of the voters, at the General Election, November 6, 1928.

FRENCH CORRAL ITEMS

FRENCH CORRAL, Nov. 3, (Special to The Nugget)—Well! the time is almost up! Only four days before we good American citziens shall make our choice of presidential candidate. While we all want our choice to win, we have the happy assurance that with that wonderful constitution of The United States, over all, our government is safe in the hands of either. It is regrettable however that this feeling of intolerence should be so rampant, and surprising too, that i nthis advanced age such a feeling could ever be. Yes, and we have it right here at home in our good old Nevada county. Those of us who have been taught from our little catichism to "Love our neighbor as ourselves", "Do this for the love of God", and when we ask "Who is my neighbor?" The answer is, "All mankind," We fail to understand how such a feeling could ever exist. Let us hope that our charity may be broadened and our love for each other become so great that this miserable feeling will be dispelled forever and that we may all enjoy that real grandeur of Liberty which our constitution gives us.

Well here we are jumping from president to preacher! But they seem so closely associated this year that we can hardly help it.

But to our items now.

Last week we, through an oversight omitted that,

W. O. Shipley of Yuba City, with his wife and children visited French Corral.

Also, Mr. and Mrs. H. T. Hurdle and two children, and Mr. Hurdle's brother all of Yuba City.

Miss Frances Moulton, who is now living in Sacramento, came up Friday evening to spend the week's end with her parents in French Corral.

Miss Louise Moulton returned home Friday after the adjournment of Institute. She reported a most instructive and enjoyable session.

W. Walsh of Smartsville passed through with cattle Saturday afternoon.

W. P. Clerkin brought his cattle down to his ranch near Birchville Saturday.

Mrs. E. De Prati, who has been spending some time in Sacramento, returned to her home Saturday. She was accompanied by her friend, Mrs. G. O. Griffith and little son,. Mrs. Griffith returned to Sacramento Saturday evening.

Rev. Fr. Rielly of Nevada City held service in Birchville Sunday. He was accompanied by Lloyd Penrose of Nevada City.

Harry and Clyde Browning made a trip to Downievlile Sunday.

Miss Frances Moulton returned to Sacramento Sunday. Her sister Louise, accompanied her to Nevada City.

Mrs. James Watt, and Miss I. Read of Grass Valley were French Corral visitors Sunday.

Mr. Taber of Marysville visited here Sunday. He is a brother-in-law to Mrs. M. J. Hein ,and old resident of this place.

Mr. and Mrs. A. Browning marc a trip to Nevada City Monday morning. Mr. Browning went to Bowman's Monday afternoon.

We were terated to one good shower of rain Monday night. We need a lot more to do any good.

Hallowe'en passed quietly here Of course the youngsters were out "having fun" in tying gates and moving different objects about the premises.

Smith for president!

Subscribe for The Nugget.

Fred Tremewan, who was in a local hospital for a few days following an auto accident on the Auburn road, was able to leave Wednesday.

F. W. Hill, mining man of Los Angeles, spent several days here looking into mining affairs.

NORTH SAN JUAN JOTS

NORTH SAN JUAN, Nov. 3, (Special to The Nugget)— Mrs. H. Huckins returned to her home here Friday after a few days spent in the Valley.

Miss Belle Brantigan and sister, Mrs. W. C. Danny, of Sai Francisco were visitors here Friday.

G. E. Palmer of Sacramento and W. Lyon of Oakland, mining engineers, were here Friday.

Mrs. Walter Johnson and son, Dennis, of Winnemucca, Nevada were guests of friends here Friday.

Mr. and Mrs. Norman Kane and Mr. and Mrs. Nat Tremp and daughter, Celia, of Modesto were visiting friends here Friday and Saturday.

Miss Katherene Kelso and brother, John, of Tulare were visiting old scenes here this week.

Mr. and Mrs. Fred Lancaster of Piedmont were recent visitors.

Mr. and Mrs. Dewey Gilan of Los Angeles were visiting here this week

Mr. and Mrs. Kingham and sons, Al and Will, and friend were Sunday visitors here from Grass Valley for a few hours.

Mike O'Connor of Birchville was a Sunday visitor here.

John Gardner and Mrs. C. L. Johnson of Alleghany were recent visitors here.

Clark Brown and Evan Thomas of Downieville were visitors here Tuesday enroute to their homes.

Frank Call of Downieville was a visitor here this week. He was enroute to Sacramento on a visit.

Mr. and Mrs. M. P. Fisher were here this week from Downieville with a load of produce for the Meyer grocery store.

Dr. and Mrs. A. G. De Nuedvo of San Francisco were thru town this week enroute to Reno.

G. E. Kessler and family of Marysville have moved back here to make their future home. The Kesslers formerly lived here.

Perry Northcott of Gridley was a recent visitor here. Perry is a former San Juan boy.

Glen Pearce and Mr. Hegarty were visitors here this week from Nevada City and Grass Valley.

Miss Lucille Fogarty returned to her home here after a few weeks spent at the bay region.

The men of the community are busily engaged in painting and repairing the M. E. church on the hill under supervision of Rev. H. H. Buckner. The ladies served a delicious luncheon at noon at the parsonage.

A jolly Hallowe'en party was given to the school children by Mrs. A. A. Willoughby at her residence on School street. Thursday night after the party they all paraded through town in their ghostly andwitchey costumes. Every one enjoyed themselves and the kiddies all thanked their teacher for such a lovely time and hope for another good time in the near future.

Mike Denike was a county seat visitor Thursday.

Mrs. Lester Jaynes and son, Bobby, of Nevada City were visitors here late Thursday evening.

Miss Lucille Fogarty and mother, Mrs. K. J. Fogarty, and Ruby Thompson went to Sweetland Thursday.

Jack Lee has purchased a new roadster and is enjoying many good rides now.

R. J. Davis went to Nevada City on Thursday's auto stage.

Misses Carmel and Mildred Reader of Sweetland visited friends here this week.

N. F. Thompson and son, Nafe, visited relatives here Thursday from Sweetland

Gordon Wood and George Wayman of Pike were here Friday mroning enroute to Marysville on business.

A. J. Lohman was down from his ranch at High Point one day this week.

George McCullough was a visitor at French Corral one day this week.

Harold Berseford is busy putting a new roof on the Moulton store and also on the post office.

Mrs. J. R Davis went to Oakland this week to visit her daughter.

GRASS VALLEY PERSONALS

Mr. and Mrs. Henry J. Snyder and son, Billy, were business visitors in San Francisco last week.

Everett Cunningham of the Cottage Hill district, attended to business affairs here Friday.

Guy Robinson of Indian Springs and a prominent rancher of that section, was a business visitor here Friday.

Mrs. A. R. Archibald and daughter, Barbara, are back from a visit in Omaha, Nebraska, with relatives.

Mrs. John Davey and daughter, Miss Lillian, have returned from Los Angeles where they spent two weeks.

Captain J. E. Blake was a visitor in Sacramento Friday.

FISH AND GAME OFFICIALS START HATCHERY BIULDING

CAMPTONVILLE, Nov. 2. Messrs. Culver and Phillips officials of the California Fish and Game Commission arrived Thursday to start construction of the fish hatchery at Fiddle Creek,near here. The first eruck load of supplies came in Thursday, being freighted from Nevada City. The hatchery which is being erected here is one which the Commission is moving here from Kern county. The plant will be finished within a short time, and will immediately be put into operation, hatching young trout for the North Yuba river and other streams in this section. It has long been a necessity in these parts, and the people of this section are grateful to the commission for erecting the hatchery at this time.

Cecil Hegarty of Nevada City was a business visitor in town Thursday enroute to Kirkpatrick Mine.

Supervisor W. J. Mellon of Challenge was in town Thursday on official business.

THERE ARE STILL SOME PEOPLE WHO DO NOT SAVE

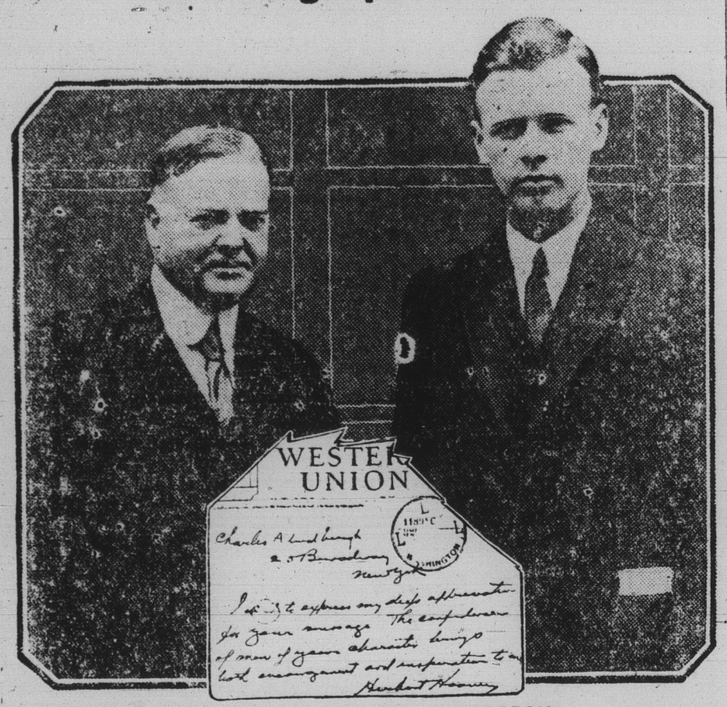

People who haven't put something away for use later on are in the minority now, because the majority of people recognize the necessity for having money for an emergency, for an opportunity, or for their later years.

Even those who do not save realize that it is the proper thing to do, because they provide for the future by laying in their supply of winter wood. If it pays to prepare for winter heat, then it is equally wise to provide for your comforts in ither ways. This can best be done by starting a savings account that will be available for any use you may desire to make of it. Nobody wants to be considered improvident, yet there are still many people, young and old, who have not acquired the habit of saving a part of their income.

You may have a bank account in your own name. You may have an account which your wife or anyone whom you may designate, may share with you. You may even provide who may draw the money after you have no further use for money. It can be arranged to suit your pleasure.

Col. Lindbergh Flies to St. Louis To Register for Hoover Vote, He Telegraphs the Candidate

MR. HOOVER AND COL. LINDBERGH

CALLING the election of Herbert Hoover of supreme importance to the nation, Charles A. Lindbergh wired the Republican candidate as follows:

"I have recently flown to Saint Louis to register. The more I see of this campaign the more strongly I feel that your election is of supreme importance to the country. Your qualities as a man and what you stand for regardless of party make me feel that the problems which will come before our country during the next four years will be best solved under your leadership."

To this telegram Mr. Hoover replied:

"I wish to express my deep appreciation of your message. The confidence of men of your character brings both encouragement and inspiration to me."

Robinson, Democratic Candidate, Quoted in Warm Praise of Herbert Hoover

Arkansas Senator, Smith Running Mate, Called Hi Counsel and Leadership an Inspiration to the World

"Herbert Hoover suspended the performance of his duties in the cabinet and came in person to where the difficulties were greatest. His presence, his advice, his counsel and leadership are an inspiration to men in high places throughout the world," said Senator Robinson, Democratic candidate for Vice President, speaking before a flood relief ceremony in Little Rock Ark., on June 25, 1927.

L. W. Cunningham, of the staff of Colorado Springs Gazette, in a letter to William H. Hill, New York State Chairman of the Hoover-Curtis Campaign Committee, recalled the speech eulogizing Hoover and compared it with the attacks that Robinson is now making from the platform upon the Republican candidate.

"Robinson bears false witness, well knowing its falsity," declares Cunningham. "Nothing that Mr. Hoover has said or done since that time is being criticized by Robinson. He is criticizing only the record of the man of whom he said in his Little Rock speech:

"'Few men in the history of mankind have exemplified exceptional talent in supplying the necessities and in relieving the suffering of their fellow beings. The guest of honor at these ceremonies, Mr. Herbert Hoover, is noted as the world's greatest relief administrator.

"'His career, apparently, has not reached the climax, but it is already distinguished by many unusual experiences and praiseworthy achievements.

"'The outstanding triumps of Mr. Hoover's efforts consist in the organization and direction of tremendous relief forces in periods of appalling calamity or national peril.

"'He did not lead armed troops to battle during the late world conflict; but he was called to assume a responsibility of equal, if not greater, importance. His task was to mobilze the nation's food supply and to restrain the greed and avarice of profiteers.

"'Bearing the commission of our great chief and wartime president, Woodrow Wilson, Mr. Hoover opposed and halted the deadly advance of hunger, pestilence and famine following the war in Belgium, Russia and other foreign lands. Hospitals for the sick and wounded! Food and clothing for the victims of hate and wrath! Among the suffering and the dying he bore aloft a banner, saluted with respect and love in every civilized land—the banner of the Red Cross.'

"Then the Senator referred to the picture of the Mississippi Valley flood and said:

"'Who would not prefer the glory of leadership in the cause of mercy and relief to the blood-stained insignia of a conqueror?

"'This large assembly and these ceremonies attest the appreciation of the people of Arkansas for the unusual service which Mr. Hoover has rendered by special commission of the president in a time of great distress. He suspended the performance of duties in the cabinet and came in person to where the difficulties were greatest. His presence, his advice, his counsel and leadership are an inspiring example to men in high places throughout the world.

"'Mr. Hoover's heart has not only shared the sorrows and burdens of the passing flood disaster; he assumes a task which he might avoid and leave to others to perform. We are proud of him as much because of his readiness to advise and assist in the permanent solution of the problem of flood prevention and control, so that the future may be safeguarded against the loss of life and property which came in the spring of this year. Legislation for comprehensive and permanent protection against flood will find in him a courageous advocate. His recommendations will influence and probably shape the suggestions of the president in his message to Congress

"'We have not forgotten, we will never forget the human touch, the kindly spirit, the friendly sympathy, the effective aid which Mr. Hoover and his associates brought in a time of strain and need.'"

Republicans and Wages

Real wages and the standards of living of our labor have improved more during the past seven and a half years of Republican rule than during any similar period in the history of this or any other country. — *HERBERT HOOVER in his Newark speech.*

Hooverism

Examine the experience of Europe and you will find certain weaknesses in their machinery of democracy, upon the rocks of which they have been wrecked. There are lessons for the United States in these wrecks.—*Herbert Hoover.*

State Monuments Preserve Early California Traditions

California possesses eleven state monuments, five of which are shown here: FIRST THEATRE IN CALIFORNIA at Monterey; PIO PICO MANSION, occupied by an early Mexican governor at Whittier, Los Angeles County; RUSSIAN CHURCH AT FORT ROSS, Sonoma County; SAN PASQUAL BATTLEFIELD, San Diego County; and DONNER MONUMENT, commemorating the heroic fate of a pioneer party which perished at Donner Lake, Nevada County. It is proposed that historic sites and structures throughout California be preserved as part of the State Park System if Amendment No. 4, the State Park Bonds Act, is approved by the voters on November 6th.

THE NUGGET PAGE OF MINING NEWS

MARIPOSA COUNTY

The Colorado mine is a busy place They are erecting new buildings, installing power, lights, a water system and the mill will soon be in operation. It is said ore values run $10. per ton. They will resume sinking and drifting along the ledge when new machinery is installed. Mr. Bawly is superintendent.

The Mariposa Extension is putting in a 5 stamp mill with concentrators and amalgamators. The ore bins are full. The property has been opened on 3 levels.

SHASTA COUNTY

The Mountain Copper Company is preparing to reopen the No. 8 mine. The flotation concentrator at the Minnesota station will be moved to No. 8 mine. It is low grade ore, but machinery on the property will cut down expenses.

The Hornet mine has been worked for a number of years by the Mountain Copper Company. The ore is shipped to San Francisco and used in the manufacturing of sulphuric acid.

The advance in price of copper is stirring up interest in a number of mines.

MADERA COUNTY

The Minaret Mines Company have completed arrangements for development work this winter on the Johnson group of claims. Ore is said to average $10. per ton in lead-silver-copper content. Comfortable surface buildings have been built. No. 2 shaft is being sunk from the 100 to the 400 level in asolid body of ore 4 feet wide. Abundance of heavy timber for the mine and a good flow of water for the camp and hydro-electric power ueses are to be had. Lou A. Johnson is persident.

CALAVERAS COUNTY

The Tanner mine at Murphy's was taken over recently by the Amador Colation Company, who will proceed to develop at once. Several years ago they took out $50,000 from 3 tons of ore with a 3 stamp mill. It was done by Johnnie Campbell, who was working the mine at that time.

Problems in Home Ethics No. 241: What to do, if one weighs 261 pounds and has been implored to get the family cat out of a tree.

Pekin has changed hands a good many times since the beginning of history, but it always has survived its conquerors and their dynasties without much difficulty.

If the same industry and ingenuity they show in breaking out of jail were used by prisoners in keeping out of jail, there would be no occasion for breaking out.

Those British physicians who say that crying is good for the complexion of course never had to put one on after a good hard cry.

Prof. Fritz Faber having admitted that the scheme to extract gold from the waves of the ocean is a dream, no more watered stock is going to be sold to promote that project.

The time when the North pole will be made a port of call by the summer vacationist still seems to be a long way in the future.

MARIPOSA COUNTY

The Colorado mine has been taken over by the Belmont Metals Corporation. A vigorous campaign of development has been started. A 100 foot shaft has been sunk with a crosscut showing ore in a 5 foot face.

The Meriposa Extension is putting in a 5 stamp mill with concentrators and amalgamators and has the ore bins full. The property is open on 3 levels.

Miss Cora Belle Roberts has acquired 20 or more likely properties which she is now developing.

NAPA COUNTY

The La Joya quicksilver mine has started fires in a 40 ton reduction plant November 1st. Ore reserves are said to be 40,000 tons, above the 300 foot level.

TRINITY COUNTY

The Gypsy Queen mine on Coffee creek has been running for several years. A rich but small vein was encountered recently ,and a much larger ledge is being worked where ore is not so rich. It has all indications of considerable gold being mined. Mis Leone Conant is owner and has taken in her uncle, Walter Huse, and Nate B. Barnwell as partners.

SAN JOAQUIN COUNTY

A dredger is being re-assembled to work on Greenhorn creek near Stockton. It is said the rich old channel run $20,000 and more per month. 200 acres of rich placer ground are to be gone over. It is also said miners can make from $18. to $24. per day with rockers around the edges of the gravel deposit. Mr. Meyers and partners are doing this work.

SHASTA COUNTY

The Hathaway mine was recently purchased by Los Angeles interests. A large mill is to be built on the property.

AMADOR COUNTY

The Champion property in Hunts Gulch on the Middle Bar Road, is being developed. They have sunk a shaft, constructed a headframe, built 3 buildings, installed an engine, tank and other necessary equipment. Ore is said to be very promising. Messrs. Tracy and Ireland are in charge and untiring in their efforts.

It is reported the cement mill at Volcano has a crew at work drilling on the various limestone deposits in its holdings in the different districts.

The Americans who flew to Australia brought back to this country a couple of kangaroos. They went over with three hops and came back with two.

The ice combine, as we gather from the news, still has a grip on the Arctic regions that the most determined Eskimo housewife isn't going to be able to shake off.

It is reported that the one-armed pilot is ready to hop off for Rome. What does a one armed pilot do when his plane requires all his attention and he wants to scratch his nose?

Remember that a frown has no cash value. About the only person we know who gets paid for being disagreeable is the traffic cop.

COZY CORNER CHAT

THE FOLLOWING TAKEN from a recent issue of the Mountain Democrat of Placerville may have its counterpart in Nevada county in some instances and it is reprinted:

Owners of El Dorado county mining property, who believe there is gold beneath the surface, should not expect developing capital to take all of the risks in the exploitation of their mines.

Some mining property owners are discouraging the natural development of numerous properties, because they demand an excessive down payment on their properties and are not willing to go ahead on a reasonable "share and share alike" basis with ready capital.

Thus were the miners of El Dorado county admonished during the past week by three men prominent in the industry, two of whom are engineers representing outside interests who are now expanding local holdings. The third is the head of a mining syndicate which has made Placerville its headquarters for several years.

"Share Alike" Urged

The mining property owners should be willing to undertake a little of the risk in the development of their properties, one said. "If they know there is gold in the mine, they should have sufficient faith in the property to make reasonable terms for its development.

"Who can expect people with capital to pour sixty, eighty or a hundred or more thousand dollars into a hole in the ground before they have an opportunity to see jpst what the prospects are?

"If the property owner believes he has gold ,why does he ask such an excessive down payment that he frightens capital away? That's what's being done today in El Dorado county. Capital wants to come here and develop these mines, but will not risks. The property owner must bear his share."

The navy is investigating to find out whether or not married sailors should receive more pay than single ones. It is perfectly obvious they should—being more skilled in the way of battle.

An airship flight represents extremes of emotion, bringing either general rejoicing or universal sadness. It is the supreme hazard of a highly developed civilization which is not without strong surviving elements of barbarous cruelty.

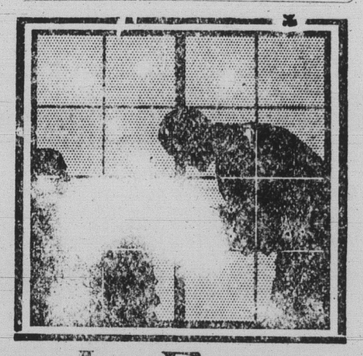

We've noticed that the down payment is the main thing that keeps the married man down. And the upkeep keeps him from getting up.

Women have an awful time. Take husbands as a grief producer—some women spend half of their time looking for a husband, and the other half wondering where he is.

A tobacco testimonial: "When I was a youngster I could not spit over my chin. However, since using your selected long leaf scrap I can spit all over it."

Well we see where they have appointed the first air speed cop. I suppose the trouble now will be the air cops will hide behind a cloud and use a stop watch on you.

Man's a funny creature. When he reads a medical book, he fancies he has every disease described; but let him read the work of a moralist, and all the faults pointed he sees, not in himself, but in his neighbor.

In Five MILLION HOMES TONIGHT

There are times when all a mother's love can't soothe a fretful baby. No way of telling just what's wrong, yet something must be done. Castoria time! A few drops, and Baby has dropped off to sleep. Yet this marvelous means of quieting a restless infant is utterly harmless. There is not one ingredient but what all doctors know and approve, and would let you give your baby every day in the week. In fact Castoria is *a purely vegetable product.* Gas pains, constipation, even diarrhea can be dispelled in this same manner. Castoria is older than you are, but physicians still say "nothing better for babies." An old-fashioned remedy if you count its years, but parents are old-fashioned who still raise babies without its aid! And at least five million modern mothers keep it handy day and night, for twenty-five million bottles were bought last year! Buy yours *now*; don't wait until you need it.

Children Cry for CASTORIA

THERE is nothing that has ever taken the place of Bayer Aspirin as an antidote for pain. Safe, or physicians wouldn't use it, and endorse its use by others. Sure, or several million users would have turned to something else. But get real Bayer Aspirin (at any drugstore) with Bayer on the box, and the word *genuine* printed in red:

Bayer-Tablets of Aspirin BAYER Genuine

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid

THE NUGGET INDOOR SPORT COLUMN

JACKSON PIN SPILLERS ARE STILL LEADING THE LEAGUE

Although the Jackson aggregation of pill droppers only copped one point in the third week of the Elks bowling league the past week they still lead the league with 9 points and total pins although the Schreibers are pushing them hard on points.

The Schreibers by taking three games from the Jacksons Wednesday night went into second place although their pin totals are quite a ways below the Tamblyns and Nuggets. The Tamblyns took the Nuggets into camp Monday by the close margin of five pins, gathering three points and tieing with this team for 4th place. The Pierces are having a hard time getting under way in the points column although their pin totals are higher than either the Schreibers or Tamblyns.

In this issue, The Nugget presents its tabulated team scores and individual scoring the first three weeks of the season. Ford Grove is well up in the high averages for his first encounter, but he has only rolled three games. Mobley is far out in front for individual honors with no one even close to his 181 average. Percy Carr with his 165 average is high man for the season so far.

The scoring for this week's play is as follows:

HORSESHOE PITCHERS FIND THREE TEAMS BUNCHED

The horseshoe tournament being conducted by four of the fraternal orders finds the two Forester teams tied for leading honors, with the Native Sons not far behind while the Odd Fellows are at the bottom of the heap with but two games to their credit.

The Foresters have eight games tucked away for each team. The Native Sons have 6 won and 6 lost. No games are scheduled for this week.

BASKETBALL LEAGUE IS FORMED IN THIS SECTION

A seven team basketball league has been formed in Nevada City and Grass Valley with the high school team being the local entry. The games will be played Tuesday and Friday evenings unless conflicts occur.

The Grass Valley high has two teams entered, the Soccer Club, De Molay, Boston Ravine Colts and the Cherins.

The opening games were played the past week.

Economy

By OGDEN L. MILLS
Undersecretary of the Treasury

ECONOMY in government means not just saving. but wise spending. It means the elimination of waste, the building up of a real sense of responsibility on the part of public servants, and the development of a spirit of unselfish service. Economy in this sense attains the dignity of a fundamental principle of government.

One of the great contributions made by Coolidge to the cause of good government has been the application of that principle with sincerity and thoroughness.

Such a policy is in happy contrast to that followed in New York State under Governor Smith, where during a period of abundant revenue, we have seen an enormous debt expansion, the breaking down of all wise pay-as-you-go policies, and the financing of recurring expenditures by bond issues.

The battle for economy in government is no single dramatic action. It is a continuing and continuous process. Nearly all that has been accomplished in the last eight years could be offset in the first years of a wasteful and inefficient administration.

Tammany Thinking

Big John Kennedy, the Tammany leader in Alfred Lewis's novel, The Boss, as he was about to go into the retirement of death, said to his protege, "Think first, last and all the time of yourself. You may not be of account to others, but you're the whole box of tricks to yourself. Don't give a man more than he gives you. Folks who don't stick to that steer land either in bankruptcy or Bloomin'dale." That has always been the pragmatic creed of Tammany Hall.—*H. R. Werner in Tammany Hall.*

Hooverism

The best teaching is not done out of a book, but out of a life.—*Herbert Hoover.*

The people of this country complete over 3,000,000 telephone toll conversationas daily.

The Observer remarks he is always willing to make suggestions for safety of life and limb, suggests in the Great Bend Tribune: "If every railroad crossarm warning carried a neat mirror, at least the girls would stop, look, and maybe listen."

HOME TOWN PAPER HAS ITS OWN PARTICULAR FIELD

The following taken from a leading ublication aptly illustrates the place the country newspaer occupies asregards its own community:

"In spite of the fact that the mecountry, the local newspaper in the United States is each year getting on a firmer foundation and becoming more and more useful to its home community. It may be said that the day of the metropolitan newspaper is at hand. This is true, but it is equally true as true that the day of the local newspaper is here too. The metropolitan daily with its world-wide news, its comic sheets and its magazine supplements, while of course essential in our modern civilization, cannot take the place of the home newspaper.

"The very fact that the big city daily must cover a broad field forbids its becoming local in every sense, and it is in the local field where the home newspaper dominates and where it finds its true usefulness. For, after all it is the home news which is most important to most of us. We have the greatest interest in the community in which we live ,and in the people who are our neighbors and friends. And it is the local newspaper which records the happenings of the folks at home, and in addition fosters the civic pride and progressive spirit of the community.

"We frequently hear it said that the old time independent spirit of the newspaper is gone, that its editorial policy is now subsurvient to the business office. Yet this is not true. There is more unselfish idealism in the average local newspaper than in any other enterprise. It frequently speaks out in the way which it believes will be for the good of the nation and of the community, regardless of what the consequences may be from a business standpoint. This is more than the average business will do or can do.

"Of course the local newspaper is now on a firm business basis. This is why it is improving from year to year, why it is giving its readers a constantly better newspaper, and why it is increasing its influence for good in the community. But the local newspaper is still the principal booster for the community, and it does its boosting often without any hope of material reward."

CORRECT INFLATION MAY DOUBLE TIRE MILEAGE

"In spite of all that has been written, many motorists are still careless about maintaining the proper pressure in their balloon tires", says Mr. E. K. Booth, who carries a full line of Federal Tires at Grass Valley. He says he feels that; "This is particularly due to the fact that they are constantly hearing other motorists say, "Oh! I never bother with the pressure in my tires. I look at them once in a while and if they seem to be bulging too much, I put some air in them—otherwise, I leave them alone. And I get pretty good mileage."

"Does correct inflation really make much difference? Actual tests have proven that a rear tire over-inflated ten pounds will give only one-third the mileage it will give when inflated to the proper pressure—while tires under inflated have shown a difference in mileage of 25 per cent.

"Correct inflation is of vital importance. In fact if motorists would check their air pressure once a week; have their wheel alignment checked once a month and drive with ordinary care, they would greatly prolong the life of their tires. Any good standard make tires such as the Federal would give them miles and miles of satisfactory service in spite of the strenuous service to which they are subjected."

PERSONAL MENTION

Mr. and Mrs. Fred Phippen of Greenville were here Wednesday. He owns and operates a sawmill at that place. Mrs. Phippen sold her store at Forest to Mr. P. M. Morris. They were former residents of Forest City.

John Webster, is back at his work as mail carrier, after a his annual vacation of a short time.

R. E. Egenhoff, of the California Debris Commission, arrived in this city Wednesday and is attending to official business.

Mrs. Frank Davies and son, Craig, are home from Vallejo where they have been visiting relatives.

Mrs. Niles P. Searls of Oakland, Misses Annette Francisco of New York and Rhea Rupert of Piedmont were here Thursday. They are connected with the Camp Fire Girls' activities.

Mrs. Harry Rowe, a former resident, and now of Berkeley, returned home Friday after a visit here and at Grass Valley.

DID YOU EVER STOP TO THINK

By
Edson R. Waite
Shawnee, Oklahoma

That a store should be a selling place—not a storage place.

That stores that accumulate many "self-warmers" are out of luck. It's usually their own fault; they should not try to place the blame elsewhere.

That profits are made when goods are sold. Many merchants seem to forget that fact.

That goods must not only be bought right, but must be sold right.

That advertising through the printed page is the greatest sales creator known.

That everywhere in every line of business, advertising is making real friends for those who advertise.

That well advertised goods are goods of known and proven value. They have won the confidence of the public.

That dealers, awake to the demands of the public, never try to substitute for quality. The consumers can't be fooled with unknown goods.

Well advertised lines of goods not only make customers, but gain their good will and their future business.

able to answer the question of why a chicken crosses the road can sit down now and figure out why road hogs like to stay in the center of the road.

The people used to be told that they must face the music, but if they occupy positions in public life they have to face the photographers a good deal more.

At any rate, little girls of today who wear short hair dno't know the agony that comes from having a mother combing out the tangles.

The Observer remarks that the reason there are not more old maids in the world is because most girls get tired of waiting for the right man to come along and grab the first thing in sight.

Now that they've discovered that William Tell didn't shoot the apple and Washington didn't cut the cherry tree we suppose they'll soon be telling us that Sitting Bull did his sleeping standing up.

No one has ever had too many friends; but one must not get into the easy habit of labeling every acquaintance a friend. The latter is a sacred word, not to be uttered lightly. Calling another by his first name does not automatically create an intimacy of spirit.

Close Big Deal by Telephone

A big sugar deal, involving 300,000 tons of Cuban raw sugar valued at $17,000,000, was consummated recently by transatlantic radio-telephone service between New York and London. This is the largest deal in sugar ever made in one day and was made by the Czarnikow-Rionda Company of New York, through their London office, for the Cuban Export Corporation to British refiners.

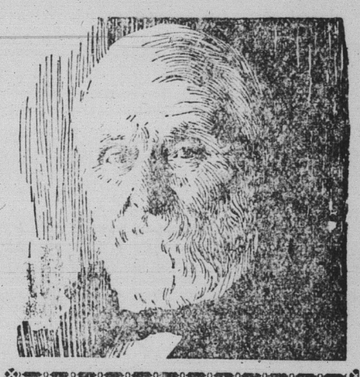

The Observer remarks that the labor-saving device that most men are interested in is made in the U. S. Mint.

SAME PRESCRIPTION HE WROTE IN 1892

When Dr. Caldwell started to practice medicine, back in 1875, the needs for a laxative were not as great as today. People lived normal lives, ate plain, wholesome food, and got plenty of fresh air. But even that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings.

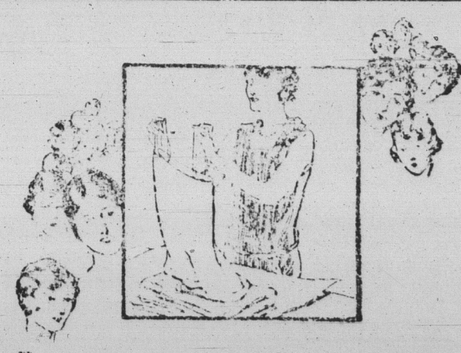

The prescription for constipation that he used early in his practice, and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, intended for women, children and elderly people, and they need just such a mild, safe bowel stimulant.

This prescription has proven its worth and is now the largest selling liquid laxative. It has won the confidence of people who needed it to get relief from headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds, fevers. At your druggist, or write "Syrup Pepsin," Dept. BB, Monticello, Illinois, for free trial bottle.

EDITORIAL

Last year the Nevada City high school joined the Central California Public Speaking League. This league is composed of high school students situated in the central part of the state. Friday of last week our negative team traveled to Escalon to debate with the high school team of that city. The affirmative team met the Manteca team at our high school.

Debating should be encouraged and supported by the people of the community as a good debating team receives as much recognition from outsiders as a winning basketball team. As this is only the second year that we have debated, and we had only one debate last year, we cannot estimate the power of our speakers but we will give them our support.

The main purpose of debating is not in the winning but in the benefit to the debater gained through his study and work. The debater develops his reasoning power and his public speaking ability. Debating develops inter-school communication among schools as the debaters travel to the different towns.

Therefore, as a debating team is a benefit to the high school and to the community, we should back them as much as we back our other school activities.

SMITH VICTOR IN BALLOT

Last Monday a straw ballot was taken in the high school assembly. The primary idea of this ballot was to instruct the students in the methods of voting. The final results were: Smith 65, Hoover 63; for senator: Johnson 90, Moore 30; for state senate: Cassidy 109; for congress: Englebright, 104; for assembly: Seawell, 63, Woodbridge 45; and for supervisor: Davis 96, Eddy 27. The committee that had charge of the proceedings under the supervision of Mr. Kjorlie were: Milton Masters, Bill Rector, Margaret White, Betty Bettles, Deynes Foley and Curtis Roberts.

HOLD DEBATES

At nine-fifteen o'clock, Tuesday morning in the assembly hall, a debate took place between the negative and affirmative teams of the Nevada City high school. The question for debate is: "Resolved, that the canning peach growers of California should own and operate their own canneries". Both sides gave very good arguments, the rebuttals being especially good. On the affirmative side were Nancy Jones and Alberta Baker. On the negative sides were, Pierson Tuttle and Helen Chapman. This was merely preparatory for the debate between Nevada City and Escalon.

CAMPFIRE MEETING

The Shishiwa group of Campfire Girls had a dinner at six o'clock. Wednesday, October 31, at the Methodist church.

After the dinner the girls adjourned to the to the Tamblyn home on Sacramento street where they held a council fire.

Mary Jones was awarded the Wood-gatherer's Rank. Two new members Vivian Cerro and Betty Bettles, were admitted into the group.

Attention

Anyone wishing to learn the "Varsity Drag" please apply at Foley's Candy Store between five six o'clock in the afternoon. We guarantee capable instructors and your money back if not satisfied. We offer Bromo Seltzers in case the work should prove too strenous.

Bernice in History: "Caesar annexed the Alps and the Rhine to Europe."

Bob Beegle in U. S. history: "Washington crossed the Deleware and took all the boats, but on Christmas night he went back across the river and pushed the Tuetons into the ocean."

It's better to have a "fixed idea" than one that rattles.

A TEAM PURCHASES SUITS

The members of the Nevada City high school "A" basketball squad have purchased new suits. The jerseys are vertically striped, purple and gold. The trunks are plain purple.

STUDENT BODY DANCE

The Nevada City High School Student Body held a dance at eight o'clock, Friday, November 2, at the high school gymnasium. The music for the dance was furnished by the "Orchestra Estrellita", composed of Pierson Tuttle, ilton Masters, Vernon Sandow, Mr. Pederson, Stanley Nobs and Mary Jones.

The dance was the second dance given by the students this year. and proved to be as big a success as the frist.

TEAM ENTERS LEAGUE

Coach Pederson has placed the "A" basketball team into a Hoop League at Grass Valley. He did this because he thinks the team will be up against strong teams in this Hoop League, which will give them practice before the conference games.

PERSONALS

The following are confined to their homes because of illness: Gue Hanks, Thelma Boreham, Kathlyn Greenway, Dahl Larsen and Everett Kistle.

Miss Erla Davidson, a recent of the Nevada City high school and now a student of the Richmond business college, was home for the weekend.

Elmer Marriott, a student of Sacramento Junior college, was home over the week-end.

BASKETBALL

The various basketball teams of the Nevada City high school elected captains this week. The "A" team is lead by Elbridge Skeahan, the "B" team by Leroy Hoskins and the "C" team by Bill Tamblyn.

MEETS SACRAMENTO

The basketball season for this year opened on Saturday night when the high school "A" team met the Christian church team of Sacramento. The boys from Sacramento were a fast outfit. The game was very exciting.

The "A" team has a strong lineup this year Pierce, McCormack and Brisebill from last year's "B" team together with Evans and Skeahan from last year's "A" team are on the first team.

Coach Pederson deserves much praise for the manner in which he has worked with the boys. Under his supervision the boys are showing much spirit and co-operation this year.

A preliminary game between a group of former high school stars and the De Molays from Grass Valley was played. The local team had in its lineup: Hegarty, Penrose Wasley, Solaro and Steger.

JOKES

Mis Hoffman: "You should write your composition so that the most ignorant child could understand it."

George Noyes: "I thought I did. What part of it don't you understand?"

Miss Taylor: "Have you done your outside reading?"

Bobbie: "No. I'ts been too cold".

Mr. Kjorlie: "Genevieve, who was Hannibal?"

Genevieve Evans: "He was a man".

Mr. Kjorlie: "How unusual!"

George Noyes has been improving his knowledge by reading "Hans Brinker or The Silver Skates".

Miss Hoffman: "Gertrude, what were the two contradictory features in Mr. Lorry's countenance?"

Gertrude (day dreaming): "His face".

Mr. Kjorlie: "Beatrice, what two generals crossed the Deleware?"

Beatrice: "Washington and How!"

DEBATING RESULTS

At 2:30 o'clock on Friday afternoon in the assembly hall of the Nevada City high school a debate took place between the negative team of Manteca and the affirmative team of our school. The question debated was: "Resolved that the canning peach growers of California sholud own and operate their own canneries. The Nevada City debators were Pierson Tuttle and Helen Chapman while the debaters from Manteca were Patricia Herliky and Donovan Hatch. Both sides gave a very good argument in which the impending decision rested on but one question in which Manteca won out. The points figured Escalon 160, Nevada City 158. J. B. Underwood acted as judge. Escalon won the debate against our negative team, consisting of Nancy Jones and Alberta Baker.

Misses Dearestine Daniels, Evelyn O'Connor, Iris Murchie, and Irma McCormack, Roseville school teachers, spent the week-end here with their relatives.

Wm. Litchenberger, superintendent of the Brush Creek mine, was here on a short business trip last week.

MEADOW LAKE MINING DISTRICT HAS PROMISE

During the past year the Meadow Lake mining district north of Cisco in Nevada county came into some prominence again after a lapse of many years and it is probable that with new developments in milling methods which have made it possible to handle rebellious ores with a greater degree of efficiency, that the Meadow Lake section will see some of its old glory return.

Due to limitations of early methods of extraction the development work of the district was confined entirely to the upper oxidized zone, the deepst shaft being 137 feet. At this level the vein in the Excelsior claim is ten feet wide showing values from 12 to 20 dollars per ton, indicating further that an increase in values with depth may be expected, due to secondary enrichment. Numerous open cuts, shallow glory holes and shafts on the various veins have demonstrated the continuity of the veins and persistence of gold and silver values in the upper oxidized zone.

All reports on the Meadow Lake district are agreed as to the extensive ore bodies and average values. The reason early operations were suspended was not for the lack of ore but for the lack of a method of extraction applicable to the large tonnage of low grade complex sulphide ores encountered below the oxidized zone. Metallurgical science has made great strides since 1870 when the Meadow Lake mine were abandoned, and it is the opinion of certain competent metallurgical engineers that by the application of improved methods of gold and silver extraction and the extensive ore bodies of the Meadow Lake District offer an opportunity for developing a large and profitable production.

The application of the Vandercock mercuric cyanide process will be watched with a great deal of interest. It is a modification of the standard method of cyaniding gold and silver ores. This system provides a means of preventing the fouling of the cyanide solutions which ordinarly takes place when treatng complex ores as found in the Meadow Lake district. This fouling of solutions is prevented by the introduction of a mercuric generator which keeps the cyanide solutions free of harmful impurities so that their dissolving efficiency is kept at a maximum. Mr. Vandercock, who has made a number of labratory tests on Meadow Lake ores states that he has found he could make an extraction of 91 to 94 per cent of the gold values.

James Grimes, prominent mining man of Oakland, is here visiting with Mrs. M. Grimes and family.

William Lackland was down from North San Juan on business Friday.

Deputy Sheriff A. F. Hellings was an official visitor in Truckee Saturday.

A large 60 horse caterpillar tractor and road scraper were brought in from Forest Service work the past week and put in storage for the winter. It had been working in the Foresthill section the past season.

A buck was killed near Sierra City just before the close of the season that was said to have had 48 points on his antlers.

The front of the National Hotel block has been repainted the past week.

Attorney Ford Grove was a business visitor in San Francisco last week.

Mr. and Mrs. R. N. McCormack and son, Noble, went to Sacramento Friday.

Carl and Aluf Olsen of Mariposa passed through here Thursday on their way to Washington where they formerly lived.

Mr. and Mrs. C. R. Bennetts of Big Tunnel were in Nevada City Thursday.

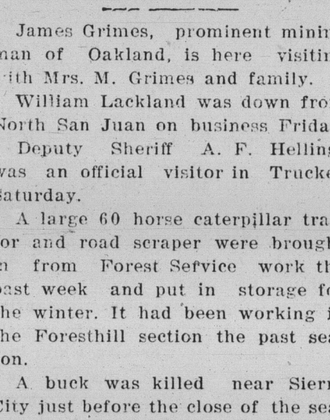

Mr. and Mrs. A. S. Lord are home from a visit with relatives in San Francisco.

L. Luther of North Bloomfield was in Nevada City Thursday.

John E. Beck of Smartsville was in Nevada City Friday.

Mother!

Child's Best Laxative is "California Fig Syrup"

Hurry Mother! A teaspoonful of "California Fig Syrup" now will thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even if cross, feverish, bilious, constipated or full of cold, children love its pleasant taste.

Tell your druggist you want only the genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother, you must say "California." Refuse any imitation.

Modern *conveniences make* HOMES!

Home life today reflects comforts and conveniences not obtainable in other years.

ENOUGH TELEPHONES, conveniently placed, are among the true signs of a thoughtfully equipped home.

The cost is *so* small and the convenience *so* great, just call our Business Office and say, "I want an extension telephone."

RESPONSIBILITY

Our duty is to provide you with adequate, dependable and satisfactory telephone service at a reasonable cost. This responsibility we accept as a public trust.

LEGAL NOTICE

NOTICE

CONTROLLER'S DEPARTMENT)
State of California

To the Tax Collector of the County of Nevada, State of California,

WHEREAS, a deed or deeds conveying to the people of the State of California the title to the property hereinafter described having heretofore been filed in the Controller's office of the State of California;

AND, WHEREAS, said deed or deeds recite the fact that said property hereinafter described was sold to the people of the State of California for the non-payment of State and county taxes;

AND, WHEREAS, five years have elapsed since the date of said sale, and no redemption, according to law, has been made of said property, or any part thereof;

NOW, THEREFORE, in pursuance of the law in such case made and provided, I, RAY L. RILEY, Controller of the State of California, by virtue of the authority in me vested by the laws of this State, do by these presents authorize, empower, and direct you, the said Tax Collector, to sell at public auction, in separate lots or parcels ,the property hereinafter described.

The property above referred to, and hereby authorized to be sold, is situate, lying and being in the County of Nevada, State of California, bounded and particularly described as follows, to-wit:

Property sold to the State June 25th, 1909 for the delinquent taxes of 1908:—

In Cherokee, Lot 2, Block 3.

In Cherokee, Lot 3, Block 2.

Partial Deed No. 96.

No bid shall be received or accepted at such sale for less than the amount of all the taxes levied upon such property, and all costs and penalties for every year delinquent as shown by the delinquent rolls for said years and also all tax liens up to the date of the execution of the deed to the State, together with interest at seven per cent per annum and also the graduate redemption penalties required under Section 3817 of Political Code computed upon the aggregate amount of the taxes for each of said years from the first day of July following delinquency to the date of the sale hereunder, and all expenses accrued to the date of the sale under this authorization.

Said sale shall be conducted in all respects as provided for by law governing such sales.

GIVEN under my hand and seal of office, at Sacramento, this 29th day of October, A. D., 1928.

RAY L. RILEY,
Controller.

SEAL)

By Clarence H. Smith,
Deputy.

GEORGE COUGHLAN,
County Clerk, Nevada County.
By R. N. McCORMACK,
Deputy Clerk.

M. A. No. 023187, United States Land Office, Sacramento, California, September 18, 1928. Notice is hereby given that Nan McInteer of 24 MacArthur Ave., San Francisco, Cal., has made application for patent for the Brackett Lode Mining Claim, Survey No. 5910, in Sec. 20, T 16 N., R 9 E., M. D. M., in the Nevada Mining District, Nevada County, California, described as follows: Beginning at corner No. 1, Brackett Lode, whence the quarter-section corner on the north line of Sec. 20, T. 16N., R. 9 E., M. D. M., bears N. 19° 35' E. 919.47 feet, thence N. 88° 10' W. 1468.55 feet to corner No. 2 of said lode, thence S. 1° 07' E. 500 feet to corner No. 3 of said lode; thence S. 89° 45' E. 1467.01 feet to corner No. 4 of said lode; thence N. 1° 07' W. 459.41 feet to point of beginning. The conflicting claims are Lot 82, Mayflower Placer (conflict with which is excluded), and Survey No. 5714, Greenman Placer. The only adjoining claim is Survey No. 5714, Enterprise Lode. The location notice is recorded in Book 21, pages 406 et seq., mining claims, Nevada County, California.

SEAWELL GETS COUNT HIGH SCHOOL VOTING

In the straw ballot taken at the high school Friday, Jerry Seawell popular candidate for the assembly, showed a majortiy of 18 votes over his opponent, receiving 63 votes. Prosperous mines around Nevada City will do a great deal toward building up our high school and if we have a good mining representative in the assembly it will help put Nevada City on the map again. A vote for Seawell is a vote for mining prosperity.

RENEW FRIENDSHIP

Virgil Danford, who is one of the crack salesmen of the Pacific Coast, was in Nevada City on one of his trips Thursday in the interest of the Danford Sales Company of which he is the president and general manager. He renewed acquaintancse with The Nugget publisher while in town, they having been in business in the same town in Sonoma county some years ago. He was the guest of Major and Mrs. F. H. Chapman while here, they being related by marriage.

BRIDGE SERIES WILL START NEXT MONDAY

The first of the series of bridge articles which will be run by The Nugget this winter has reached this office and will appear in next Monday's issue. The publisher has already been asked by a number of bridge fans as to when the series would start.

Fans are invited to send in their solutions of the problems each week and the ones making the nearest play to the solution as arrived at by The Nugget bridge expert, will be announced.

Wynne Ferguson, nationally known expert, prepares the problems and calls the plays.

The series appear only in The Nugget in this section of the state.

YUBA PASS SURVEYS ARE NOW BEING RUN

Government surveyors are at work setting the grade and right of way stakes on the Yuba Pass highway between Downieville and Sierra City. It is expected that the work of clearing the right of way will be completed by spring and that the work of construction of the last link in the highway will commence early next year.

This 13 mile stretch of road, norrow, crooked and full of steep pitches, has been the chief obstruction to large tourist travel over the Yuba Pass, one of the lowest passes across the Sierra that California has. The Forest Service has been responsible for the funds which have been expended for the highway east of Sierra City and will provide the funds thru the Bureau of Roads for the completion of the work. The state highway commission has been maintaining a lively interest in the Yuba Pass Route thru its new officials and with the help given in Washington by Congressman Englebright in conjunction with the Forest Service officials, gives every promise of early completion of this important project.

Dr. A. W. Heidrich of Dutch Flat, visited in Grass Valley Thursday. He at one time was a practicing physician in Nevada City and Grass Valley.

John Roth of San Juan was a business visitor in Grass Valley Wednesday.

We see where there has been an organized effort made to endow a chair of humor in some deserving university. Probably the chair will consist of an old Ford body mounted on a dias, with selected wise cracks chalked tastefully on the surface.

If there is anything in the world more changeable than a woman it is some other woman.

The members of the Lois Club of Grass Valley were entertained by Mrs. A. H. Mooser at her home Wednesday afternoon.

ELLIS CLARK CELEBRATES THIRTEENTH BIRTHDAY

The Henry Clark home on Nevada street was the scene of a happy gathering when Ellis Clark invited in a number of his young friends to help him celebrate his thirteenth birthday. Hallowe'en games were enjoyed for some hours after which refreshments were served.

ELKS RAVIOLA DINNER WAS GREATLY ENJOYED

The raviola and chicken dinner served by the Elks Thursday night drew out a large gathering of the antlered brethren who enjoyed one of the finest dinners that has been served in many moons. A number of visiting Bills were present for the occasion. Meyers Mobley, Dr. John Bell and Arthur M. Hoge were announced as the feast providers for two weeks hence.

MRS. JEANETTE WOODY HONORED BY STARS

Mrs. Jeanette Woody, Worthy Matron of Aurora Chapter, was tendered a delightful evening of entertainment by the other officers of the Chapter at the meeting last week. A number of visiting Stars were present. Cards, music and refreshments were enjoyed and a guest prize was presented Mrs. Woody.

FRANK DAVIES SPENT HIS ENTIRE LIFE COMMUNITY

Frank Davies, prominent candidate for supervisor to represent the first district, was born in Forest and has spent his entire life in this section of the state The past sixteen years he has lived in Nevada City which has given him a keen insight into the needs of this district.

In an interview with The Nugget Saturday, Mr. Davies said: "I will have no political debts to pay and have made no promises to anybody to appoint them to replace anyone now employed by the county. I promise if elected as supervisor to serve the people of this district to the best of my ability in every way, to see that the county gets full value for every cent it spends and to work for the best interest of the entire district the year around the whole time I am in office. I shall work to spend every cent on the roads that is warranted by traffic conditions and not on any particular road to the detriment of the other deserving routes. I feel that I can serve the county acceptably in the capacity of supervisor and to give a thorough business administration.

"I wish to thank my friends for their many expressions of interest in my campaign and to assure them that I will give the best in me if elected, to the first district.

ELECT HIM TOMORROW!
